Students receive Religious School Shabbat attendance credit

Students will lead us in our service using the prayers that they have learned in their classes.

Every service will have something new!
We will have stories, guests, treats, games, discussions and other great activities.

Students learn to read *Torah*! There is even a special celebration for our students when they read *Torah* for the first time.

Be a part of a warm and friendly *Shabbat* community!
Join us at our special Family Service *kiddush* where you can schmooze with friends.
